BoothSaver™ 2000

阻燃防静电拉伸膜

Product: BoothSaver™ 2000 ASFR Stretch Wrap Film is used to protect paint booth robots and equipment from overspray. This film is paint-shop safe, with self-extinguishing fire retardancy and antistatic properties that safely dissipate electrostatic buildup. This product also exhibits excellent clarity, flexibility, and self-clinging properties that make it especially suitable for protecting process equipment.

产品: BoothSaver™ 2000 阻燃防静电拉伸膜，用于保护机械手、设备等防止油漆过喷。该产品含自灭阻燃剂，并对静电有弥散作用，适合工业喷涂工艺中使用。该产品高度透明，延展性强，可在无胶水的情况下自行粘附于光滑表面，尤其适合于保护操作设备。

Benefits:

- Self-extinguishing fire retardancy.
- Tinted for easier identification.
- Antistatic Surface Resistivity $\leq 10^{11}\Omega$.
- Hand sized rolls for easy application.
- Self-clinging for easier wrapping.
- Use to organize messy cables & hoses

BoothSaver™ 2000

阻燃防静电拉伸膜

优点: 自灭阻燃属性
自带颜色, 便于识别
防静电表面电阻 $\leq 10^{11}\Omega$
手持尺寸, 方便使用
延展性强, 方便包装
适用于整理杂乱的电缆和软管

Usage: BoothSaver™ 2000 comes in a 100m roll. Wrap equipment, hoses, etc snugly and cut where needed. Use adhesive tape to hold ends in place if required. Remove and replace as needed.

用法: BoothSaver™ 2000 阻燃防静电薄膜每卷尺寸 100m。用于包裹设备、软管, 且可根据需要随意裁切。根据需要可用胶带固定, 拆卸和更换。

Packaging: M12000-076-100 (7.6cm x 100m)

包装: M12000-250-100 (25.0cm x 100m)
